

CORE COMPETENCIES

Full lighting engineering services including **site survey**, **energy audit** and **photometric plan** to ensure that foot-candle requirements and site-specific needs are met

Turnkey solution will guide you from planning to installation, including incentive and rebate support, as well as post-installation service

More than **50 internationally certified Big Shine LED light fixtures** in hundreds of configurations, including beam angle, color temperature, mounting options, integral or remote controls, and efficacy

The **best quality and latest designs** in LED lighting, including high bay, low bay, linear, explosion proof, panel, tubes, high mast, and area lights including poles

DIFFERENTIATORS

- ▶ Direct and continuous oversight of global manufacturing ensuring the highest level of quality and performance, and rapid insertion of the latest technology
- ▶ Multiple plant locations throughout Asia ensuring continuity of supply
- ▶ Helped save more than 27.5 million kWh over the past two years, equivalent to approximately \$9 billion in energy costs for clients
- ▶ Transformed more than 300 major commercial and government facilities with brilliant, energy-efficient LED lighting

PAST PERFORMANCE

Floyd Bennett Field

Brooklyn, NY | Exterior LED pole lighting project

- ▶ Reduced kilowatts by more than 60%
- ▶ Increased lighting levels by more than 50%

Westover Air Reserve

Chicopee, MA | Exterior and interior LED lighting project

- ▶ Reduced kilowatts by 70%
